

Stay organized with Mabel's Labels

Back-to-school or daycare time can be hectic for families, but Mabel's Labels makes it easier with their durable custom-made name labels. Each child personalizes their brightly coloured labels with a cute icon so even pre-readers recognize their things - these labels are unmistakable.

Mabel's Labels are so tough they survive the dishwasher, microwave, and UV rays making them ideal for lunch containers, pencil cases, water bottles, and baby gear, and more. Mabel's shoe labels, iron-ons, and bag tags for backpacks, also

guarantee your child will keep their stuff out the lost and found.

Kindergarten teacher Nicola Townsend says Mabel's Labels saves time in the classroom. "When I saw Mabel's Labels, I thought, it's about time! They make it very easy for children to identify their drink cups, snack

bags, shoes, boots and even clothing." She also says the labels help the parents too, "I get phone calls from parents every night about forgotten stuff. Mabel's Labels really help cut down the mounds of unclaimed items in the school."

The first company in North America with this kind and vari-

ety of products is founded by four Moms who were frustrated by missing items and lost clothing.

Products include: sticky labels, shoe labels, iron-ons for clothing, and bag tags for backpacks & luggage, allergy alert labels, kosher and household labels. Priced from \$18.50 - \$21.00 (CAD), the whole line of labels is available through brochure ordering or online at <http://www.mabel.ca>.
